

# GOOGLY EYES

(Words by Eric Herman Endres and David Pettey, Music by Eric Herman Endres © 2019)

Everything's better with googly eyes (x3)

E B A B  
Everything's better with googly eyes, the perfect prize for a kid my size;  
A B E B  
a great big box of giant googly eyes

E E/D# E/C# B  
On our family trip to New York City I learned that the word "liberty"  
A B A B  
means "being free," but not free to put giant googly eyes on the Statue of Liberty

People got really mad at me, the same thing happened in D.C.  
Where they said, "Hey kid, what were you thinkin'?"  
when I put googly eyes on Lincoln

I was thinkin'...  
Everything's better with googly eyes  
It's no surprise for a kid my size  
that everything's better with googly eyes

When we took a European vacation I caused a lot of aggravation  
I put googly eyes on the leaning tower of Pisa, and also on the... Mona Lisa  
They frown on that kind of thing over there,  
and they frowned a lot in that London square  
That guard standing still with the big funny hat, I thought  
I know what would go great with that!

(What?) Ya know...  
Everything's better with googly eyes  
It's no surprise when you realize,  
everything's better with googly eyes

F# A G#7 C#m F#  
Oh, my dad got mad when I stuck googly eyes on his laptop screen  
A B E Esus2+4 etc.  
But I mean, hey, it said, "Google."

G6 A6 G6 A6 ---  
I wanna see googly eyes on Mount Rushmore, googly eyes on the Sphinx,  
G6 A6 B7sus4 B7 ---  
googly eyes on those Easter Island heads

I'm gonna be at the top of my class, a guarantee that I can work at NASA,  
so I can put super giant googly eyes on the moon some day  
And every night when you see it shine, you'll know those googly eyes were mine  
The world will finally thank me for them, and everyone will say-

Everything's better with googly eyes etc. (modulate up full step for outro repeats)

# STINKER

(Words by Eric Herman Endres and Benjamin Macy, Music by Eric Herman Endres © 2017)

F F/E Dm2 Bbsus4 C  
I will never be afraid of the dark as long as you keep on the light  
And I will never be someone who complains as long as everything's just right

Gm C F F/E Dm7  
I will be so patient as long as I don't have to wait  
And I am always humble, I think that's what really makes me great

I'll always clean my room when you want as long as you forget to tell me  
And yes, I took a bath like you asked me to, but I'd advise you not to smell me  
I will be so decisive, or maybe not, well, who really knows  
I'll accomplish so much right after I watch some TV shows

F F/E F F/E F  
Some people say that I'm a total know-it-all  
F/E Dm A  
but really, I could never have all of the yottabytes  
Bb C  
of knowledge and information now contained in the universe  
C Dm Gm C  
Did you know that a "yottabyte" is a unit of data storage  
Am Bb C  
equal to one septillion bytes?

F C Gm C  
I'm so calm and peaceful, when I'm asleep  
F C Bb C  
And you can trust me, any secret, I will keep  
Gm C etc.  
Like when my good friend, Brody Evans, told me (Brody Evans)  
That he still sleeps in his dinosaur jammies (dino jammies)  
And that he cries every Toy Story movie (aww, Brody)  
And wants to marry our teacher, Mrs. Ramsey (oohh)  
Bb Bbm F  
I said, it's okay, bro... no one will ever know

When I'm playing sports and I drop the ball, it's 'cause I don't wanna be a show-off  
But once, I won the game with my awesome shot just as the buzzer was about to go off

ERIC: Did I ever tell you guys about that?

DAVE: Ohhhh yes.

BEN: Like septillion times.

ERIC: Well, it was really really great.

DAVE: You know, we met someone the other day who said they were in that game with you.

ERIC: Oh, really?

BEN: Yeah, and they said you got spun around on the play, and went the wrong direction, and scored in your own net.

ERIC: But it was still an amazing shot. And I did win the game.

DAVE: For the other team.

ERIC: Well, yeah. It's like they say, "winners win."

Pay no attention to the sound in the direction of my bedroom; I'm really asleep  
You should have no fear, 'cause I am sure you didn't hear a really loud boom; I'm really asleep

Em G A7sus4 B7

And if you see smoke coming down the stairs

Em G A7sus4 B7 Cmaj7

Along with the aroma of burning hairs, don't come and see

C7 D G7 C7 etc.

I'm really asleep, no need to worry 'bout me

If you hear something like the sound of plungers pumping, it's all under control

I mean, I'm really asleep

No, I didn't stick a perfect, jagged piece of brick inside the toilet bowl, I'm really asleep

And if you see water running down the hall

And a wet stain growing larger on the wall, don't come and see

I'm really asleep, no need to worry 'bout me

(under spoken lines) G7 G7 G7 A7 A7 A7 Bb7 Bb7 B7 B7

I'm fine. Those tanks pulling up on our lawn could be there for any reason.

And I'm sure that civil defense siren is just a test.

You know, to make sure it still works.

Don't be alarmed, 'cause I'm sure you won't be harmed by that thing in our pool - It's our new pet!

I'm sure you'll see, it's not a monstrosity, but something really cool that science hasn't discovered yet

Uh uh oh, where did he go go go?

Uh uh oh, where did he go go go?

Whoa whoa whoa, I mean, what do I know

'cause I'm asleep, so nevermind.

If you see a fleet of helicopters flying through

And men in black suits want to speak with you

Whatever might have happened, I am not to blame

It must have been another kid with my name who you should see

I'm really asleep, no need to worry 'bout me

(gavel strikes)

**JUDGE:** In the case of the county, state, country, world, and local sector of the galaxy versus this kid... how do you plead?

**LAWYER:** Your honor, my client insists that he was asleep at the time, and should not be held responsible for the horrific events of that night. You've heard of sleep-walking, right?

**JUDGE:** Erm.

(gavel strike)

**LAWYER:** Well, my client was sleep-concocting, sleep-plotting, sleep-conjuring, and sleep-conning.

**JUDGE:** Case dismissed.

# MUSHROOM PIZZA

(Words by Eric Herman Endres and Rebecca Endres, Music by Eric Herman Endres © 2019)

**ERIC:** I like pizza. No, I love pizza. In fact, pizza may be the greatest achievement the world has ever made. I love it even more than my Mom. Uh, I mean, my mom doesn't like pizza quite as much as I do. Anyway, just the other day, I went to get pizza at my favorite pizza place, Leaning Tower of Pizza. And I was thrilled when I saw a big sign in the window that said, "BRAND NEW PIZZA!" But when I saw the picture on the sign, it was the most disgusting thing I had ever seen! I could barely even look at it. It was a pizza covered with a mountain of mushrooms.

**Cm7** **G7**  
**IF IT WERE UP TO ME, THERE WOULD NO LONGER BE MUSHROOM PIZZA**  
**Cm7** **G7**  
**AND IF I HAD MY WAY, IT WOULD ALL BE GONE TODAY; MUSHROOM PIZZA**  
**Cm7** **F** **Fm** **Cm7**  
**HOW BAD IS IT? WELL, LOOK, THAT'S RIGHT HERE IN THIS BOOK**  
**Ab7** **G7**  
**THE BOOK IS CALLED 'HOW BAD CAN MUSHROOM PIZZA REALLY BE?'**  
**Fm** **Ab7** **G7** **Cm7**  
**WRITTEN BY THE EXPERT ON THE SUBJECT... ME**  
Spoiler alert... It's really, really bad!  
**Cm7** **G7** **Cm7 (vamp)**  
**IF IT WERE UP TO ME, THERE WOULD NO LONGER BE MUSHROOM PIZZA**

**BEN:** Uh hey, Eric... I wonder if maybe somebody out there might think mushroom pizza isn't that bad.

**DAVE:** Yeah, and I'll bet some people think that mushroom pizza is delicious.

**ERIC:** No, that's crazy!

**BEN:** Well, why don't we find out? Does anybody out there like mushroom pizza?

(big cheers)

**ERIC:** Hmm, one or two... Okay, well fine. In that case, how about this?

**WE'LL PASS A LAW TO MAKE IT A CRIME IF YOU PARTAKE OF MUSHROOM PIZZA  
DON'T EAT IT OR YOU'LL BE IN A PENITENTIARY FOR MUSHROOM PIZZA**

**DAVE:** Whoa! Wait, Eric... Hold on now. You're gonna send them all to jail for wanting to eat mushroom pizza??

**ERIC:** People go to jail when they do something really bad, right?

**DAVE:** Right.

**ERIC:** And mushroom pizza is really bad! Haven't you read my book?

**DAVE:** Uh, I haven't gotten around to it.

**ERIC:** Has anybody read my book? You know, there's an audiobook version available now, read by David Attenborough.

**BEN:** I read the book.

**ERIC:** You did? Oh, good. So then, you know what I mean.

**BEN:** Well, what I got from the book was... and correct me if I'm getting this wrong... you really don't like mushroom pizza.

**ERIC:** Yes! You did read my book! Excellent analysis.

**BEN:** But what I'm not sure you established well enough is whether or not, just because you don't like mushroom pizza, that should mean that nobody else can have it.

**ERIC:** Um, I think I said something like, "Mushroom pizza is so bad that nobody else could possibly ever like it."  
(flipping through pages) Yes, that's right here on page seven hundred and twelve.

**DAVE:** Is that even true, though?

**ERIC:** What do you mean? Of course it's true. It's in the book!

**DAVE:** But a lot of people do like it. You heard all those people before who said they like it.

**ERIC:** Well, I heard one or two.

**DAVE:** And also, I didn't want to say this before, but I actually like mushroom pizza.

**ERIC:** No! Dave! But see, you didn't read my book yet. Then you would know better.

**BEN:** But I like it, too, and I read your book.

**ERIC:** What? Ben? You like mushroom pizza, too?! Boy, I thought I knew you guys. Well, that changes everything.

**DAVE:** Really?

**ERIC:** Yeah, of course.

**YOU BOTH CAN TAKE A HIKE FOR ADMITTING THAT YOU LIKE MUSHROOM PIZZA  
AS QUICK AS YOU WERE HIRED NOW, BOTH OF YOU ARE FIRED FOR MUSHROOM PIZZA**

(Music stops.)

## **MUSHROOM PIZZA (cont.)**

**ERIC:** Uh, you're fired after the song.

*(Music resumes.)*

**BEN:** Oh, man. We're fired.

**DAVE:** Oh, no! I really need those magic beans you pay us with.

**ERIC:** Hmm, well I think I figured out what we have to do... You guys just need to not like mushroom pizza anymore.

**DAVE:** Well, no. I don't think that's gonna work.

**ERIC:** Why not?

**BEN:** Would it work the opposite way?

**ERIC:** What do you mean?

**BEN:** Could you choose to like something that you really don't like?

**ERIC:** Such as?

**BEN:** Well, how about...

**BEN AND DAVE: MUSHROOM PIZZA**

**ERIC:** No! Absolutely not! I could not choose to like mushroom pizza! And this isn't gonna be a Green Eggs and Ham thing here. So don't even try that.

**BEN:** No, no. It's okay for you not to like mushroom pizza.

**ERIC:** Yeah. Right.

**DAVE:** But it can be okay for other people to like mushroom pizza, even though you don't like it.

**ERIC:** Hmm, that sounds like math or something. I'm confused.

**BEN:** Well, hold on here... What kind of pizza do you like?

**ERIC:** That's easy. I like spinach artichoke anchovy cauliflower pizza. Mmm.

**BEN:** Okay, then. But I'll bet a lot of people don't like that.

**ERIC:** What? No, way!

**BEN:** Let's find out. Does anybody out there not like spinach artichoke anchovy cauliflower pizza?

*(Huge roar of boos.)*

**ERIC:** Hmm, one or two.

**BEN:** And what if they wanted to put you in jail for eating spinach artichoke anchovy cauliflower pizza?

**ERIC:** Even if I'm just eating it at home? They don't have to know!

**BEN:** Too bad!

**BEN AND DAVE:**

**CONGRESS PASSED A BILL TO REFLECT THE PEOPLE'S WILL  
BANNING SPINACH ARTICHOKE ANCHOVY CAULIFLOWER PIZZA**

**ERIC:** No!

**BEN AND DAVE:**

**YOU'LL GET A HEFTY FINE IF YOU EVER CHOOSE TO DINE  
ON SPINACH ARTICHOKE ANCHOVY CAULIFLOWER PIZZA**

**ERIC:** Wow, you guys are like the Ghosts of Pizza Future or something. But I think I'm getting it.

**BEN:** Yeah?

**ERIC:** I'm free to like spinach artichoke anchovy cauliflower pizza, and free to not like mushroom pizza. And others are free to like or not like those things, too.

**BEN AND DAVE:** Yeah!

**ERIC:** I mean, I've played music with you guys for years and didn't even know that you liked mushroom pizza.

**BEN AND DAVE:** Yeah!

**ERIC:** So I don't need to fire you for liking mushroom pizza.

**BEN AND DAVE:** Yeah!

**ERIC:** And when we go out for lunch later...

**BEN AND DAVE:** Yeah?

**ERIC:** I'll even treat you to mushroom pizza, if you want.

**BEN AND DAVE:** Yeah!!

**ERIC:** But it's coming out of the magic beans I owe you.

**BEN AND DAVE:** Oh.

**ERIC:** Well then, I suppose...

**IT'S OKAY IF THOSE I MEET ARE THE KIND WHO LIKE TO EAT MUSHROOM PIZZA**

*(cheers)*

**ERIC:** One or two

# MY BROTHER

(Words by Eric Herman Endres, Music by Eric Herman Endres and David Pettey © 2016)

**Bm Gmaj7 F#7 etc.**

He said it would be so great; best thing that I ever ate  
A combination of spicy and sweet  
I'll admit, it sounded pretty good, but I didn't know if I should  
I've had some trouble with things that I eat  
Well, I swallowed it in just one bite and it tasted alright  
Still, I wondered what the fuss was all about  
Then, next thing I'm rolling on the ground and the room is spinning all around  
My body's sweating and my eyes are bulging out, and...

**Bm D C#7 E7 F#7**  
I will never eat another chocolate-covered habanero  
And I will never do another thing my brother tells me to again

I forgot about that, and then, my brother said to me again  
"I thought of something else you should try"  
He said it would be so cool and they'd talk all about it at school  
And kids would say I'm a really brave guy  
Well, he was right, 'cause the word got out when they heard me scream and shout  
Holding my elbow while trying not to curse  
Good thing I wore my lucky charm or I might have broken more than my arm  
It could have been a whole lot worse, now...

I will never climb way up in a tree and jump in a pile of leaves  
And I will never do another thing my brother tells me to again

**Bm A E F#7**  
Why do I do everything he wants me to? Why do I put up with what he puts me through?  
Why do I do everything he wants me to? (Try some mushroom pizza.)  
Why do I put up with what he puts me through? (Put googly eyes on the Mona Lisa.)  
Never again!

I will never give another snake to my mother on her birthday  
I will never call my teacher an evil creature from outer space  
I will never tell my dad that he should be glad that I broke his golf clubs  
And I will never do another thing my brother tells me to again

**LITTLE BROTHER:** Hey, big brother.

**ERIC:** Hey, little brother.

**LITTLE BROTHER:** I have an idea for something fun you could do.

**ERIC:** No way! I said never again would I do something you tell me to do, and this time, I finally mean it.

**LITTLE BROTHER:** Oh, okay. I understand. But this new idea isn't just cool... it's really cool.

**ERIC:** Oh yeah? Okay, well, then tell me, at least. I guess I don't have to actually do it.

**LITTLE BROTHER:** Right. Right. Of course. So here's what you do... Tomorrow at school, during recess, make a good snowball.

**ERIC:** Oh, I like this, already!

**LITTLE BROTHER:** And then, put that snowball in your front pants pocket. That's a very important detail. You should probably write that down.

**ERIC:** Yeah, yeah. "Snowball front pants pocket."

**LITTLE BROTHER:** Then, go back into school and wait for at least an hour.

**ERIC:** "Wait for at least an hour." Got it!

**LITTLE BROTHER:** And then, when the time is just right...

**ERIC:** Yeah?

And he and all those millions of years would have somewhere safe to hide

So when we look upon our clocks and watches every day

All those moments of our lives are vanishing away

If we don't look at them, we can start to break the spell

Time will always hurt us when we do not use it well

Use it well

**Am/C Bm7 E7 etc.**

Try not to look at the clocks and watches

Clocks and watches, watches and clocks

I'm gonna be late

# MAGIC BEANS

*(Words and Music by Eric Herman Endres © 2019)*

**Aadd9**

Once upon a time there were magic beans  
Thrown away on to the dusty ground  
Cmaj7

Soon a beanstalk was growing all around  
From those magic beans

Then magic beans made everything  
All at once, it wasn't then it was  
Came to be maybe just because  
'Cause they're magic beans

Magic beans made you  
Everything you've ever done and seen  
Came from just a tiny magic mean  
And now you're a magic bean

We are made from magic beans  
Their DNA is in our genes  
With ups and downs and in between  
What do you believe it all means?  
For me, it means... magic beans

**B7sus4**

Close your eyes and see;

**Aadd9**

**B7sus4**

Make-believe, make-believe

Life is all just magic beans  
A story and we write it every minute  
Once upon a time we were in it  
Once upon a time...
